Aaron Ballast from TNT.
Tickets will be sold at meeting

2026 OFFICERS:

- Chris Badtke
WSLS President
- Jake Jensen
NE Chapter Representative—WSLS
- Richard (Dick) Kleinmann
NSPS Director –WSLS

April 2026 President's Message

Northeast Chapter Members,

I'd like to begin by thanking everyone who has volunteered their time to serve on the chapter committee. Without your willingness to contribute, we would not be the strong chapter we are today. I also appreciate those who are planning to help with upcoming events such as *A Day in the Life*, the WSLs Summer Meeting hosted by the Northeast Chapter, and other opportunities throughout the year—thank you in advance for your support. Additionally, I want to recognize Connor Christopherson for his outstanding leadership of this group last year.

A bit about me: I grew up just across the border in Menominee, Michigan, and graduated from Michigan Technological University in 2010 with a degree in Surveying Engineering. I began my surveying career with Mi-Tech Services in Fond du Lac before moving to Green Bay in 2011. In 2017, I became a contract surveyor for WEC Energy Group through Coleman Engineering. In 2020, I started my current role as the Surveying Instructor at Northeast Wisconsin Technical College, where I've remained except for a brief six-month period with Seiler Instruments. I am professionally licensed in Wisconsin and Indiana.

I'm writing this message at the end of Day 1 of the NSPS Student Competition in Washington D.C. I'm here as the advisor for 5 NWTC students. It is amazing to see the representative we have from Wisconsin and the support organizations like the Northeast Chapter and its members provide to make trips like this possible. As we move into what I hope will be an exceptional year—both professionally and personally—I encourage you to take time to appreciate the strong network we've built through this chapter, WSLs, and beyond.

Thank you for time,

Mark Kamin PLS 3221
2026 Northeast Chapter of the WSLs President

~ GENERAL MEMBERSHIP MEETING ~

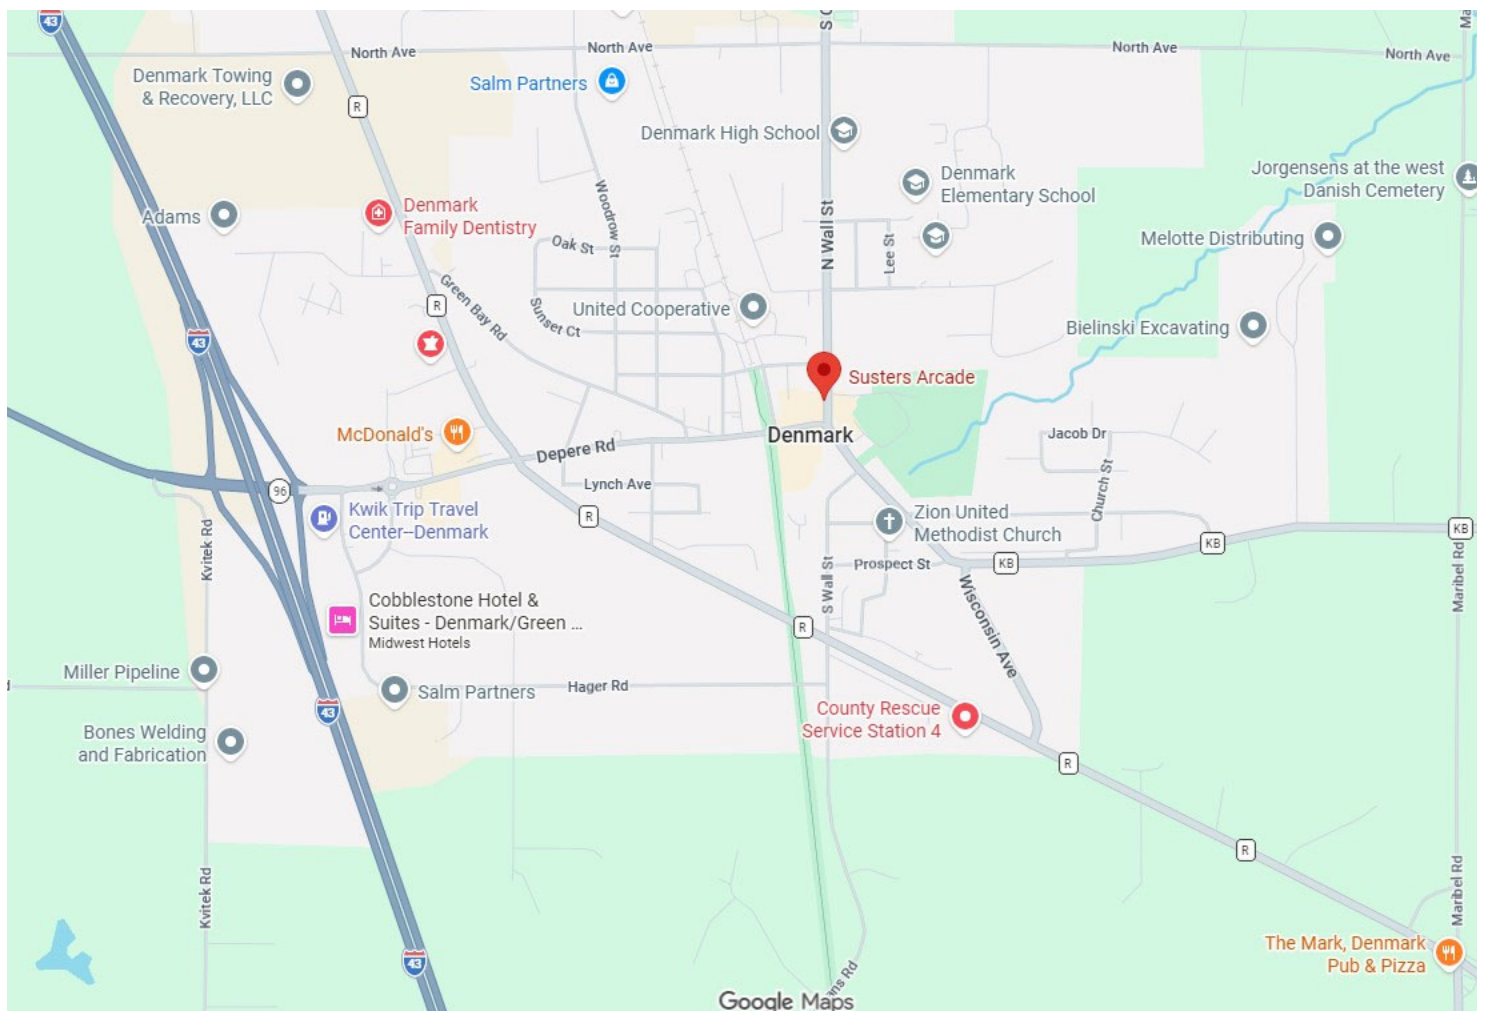

Northeast Chapter of the Wisconsin Society of Land Surveyors

Attitude adjustment is at 5:30 pm and Dinner is at 6:15 pm. Dinner will cost \$25.00.

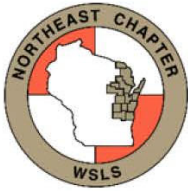

If you plan on attending the meeting please RSVP so we can get an accurate count for the meal.

2026 Sponsor A Student Meal Program

Sponsorships are for a free meal at any of the 4 Quarterly Northeast Chapter General Meetings. Any student or person interested in the profession is eligible. If you have someone that would like to participate, please bring him or her along to the next meeting.

**Thank you to all who participated in the
past 19+ years, it has been a HUGE success!**

*We are again asking for your support in sponsoring student meals in 2026 and beyond.
Your donation will encourage students (and potential employees) to take an interest in the
surveying industry and perhaps Chapter involvement.*

-- Please fill out form below as you would like to be acknowledged for your free meal donation --

APRIL RAFFLE

Yes, I have an old Gurley transit I will am donating. I will make a better effort to dust it off before I bring it, but it is complete with the box and instructions on the inside of the box. It even comes with a flashlight for taking star shots. I don't recall where I got it from, but I had Lisa confirm that it didn't belong to the Foundation (I have various pieces of their equipment in my basement). I'm thinking I picked it up at a pawn shop somewhere. I attached pictures if you want to hype it up in the newsletter.

Northeast Chapter of WSLs

2026 WINTER BOARD OF DIRECTORS MEETING

February 18, 2026 – Mexico Lindo in De Pere, WI

There were 9 members present when President Kamin called the meeting to order at 5:40 pm

A motion was **made, seconded, and approved** to accept the Board meeting minutes from November 13, 2025

Treasurer's Report was accepted as given at this meeting

The following reports were given: (*email)

WSLS REPORT (Jake Jensen)*

- Donations for Patrick Marsh project in Madison can now be sent – Tom L will send Chapter check asap
- WSLs wants the Chapter to discuss and pass along our “decision” (in **RED**) on the following topics concerning WSLs Annual awards:
 - Notify winners of awards beforehand? **Yes, notify family first**
 - Add a family contact to awards form? **Yes, to help make sure winner will be present**
 - More than one winner for any award? **No, but maybe Lifetime members**
 - Mention names of nominees? **Yes, they should be mentioned (Honor just being nominated)**

YOUNG SURVEYORS (Nick Matzke)

- Zachary Holshuer will be in DC as YSN member this March for NSPS event
- There are 4 quarterly General meetings, no Board meetings are held
- Group is looking for more to do – get more involved
- Chapter Directors are encouraged to attend the YSN meetings
- WI YSN recently held a General Membership Meeting (virtual) with 9 attendees including 3 chapter reps.
 - Next General Meeting is scheduled for June 17th
- WI YSN is looking into Summer Meeting / Get-together event, will be discussing further at next Leadership Meeting on April 22nd
- NSPS YSN held the 25th Annual Student Competition in Washington DC
 - 45 volunteers over 26 states
 - NWTC Civil Engineering Technology Program had a team compete; VERY cool!
- WI YSN had 2 representatives at Day on the Hill (Zach Holshuer and Michaela Connor)
- NSPS Mentorship Program Applications will open in May
 - Program is expected to run from August through October

- Already 104 interest forms filled out, have slots open for around 250 pairings (~43 pairings last year)

- NSPS Government Affairs Committee inquired with NSPS YSN about their thoughts on Title II of the ADA Act Compliance issue coming happening now
- NSPS YSN Communications Committee will be releasing "YSN 101 Series" very soon

AUDITING (Terry Van Hout)*

- See Annual Report in the January 2026 newsletter

CST (Howard Herrild)

- 6 people took the Exam at this year's Institute. No idea on how everyone did as of this meeting
- CST Exam will be held at NWTC on March 12

ETHICS AND PRACTICE (Andy Cleveland)*

- No report at this time

LAND RECORDS (Tom Leslie)

- BFI revision is moving forward and will hopefully be brought to Senate for a vote before adjourning

LEGISLATIVE (Howard Herrild)

- No report at this time

MEMBERSHIP (Ryan Klarner)*

- Membership current count: 93

NOMINATING (James Cappeart)

- No report at this time

PROGRAM (Andy Cleveland)*

- Civil Club was asked to give a presentation at our Spring General meeting in April

PUBLIC RELATIONS COMMITTEE (Ryan Beltrand)*

- DIAL schedule should be out in a month or so. Sign-up sheet will be passed around at the Spring General meetings as well as emails with a google doc sign-up sheet attached (Thanks Ryan B)
- LOTS of opportunities are out there – we just need to pick the ones that we think can give us the best opportunity to contact the right people

SCHOLARSHIP (Jim Sehloff)

- We need to get pictures of the scholarship winners

SEMINAR (Tom Leslie)

- Good to go – all is set. Emails will be sent to any group(s) I can think of. ALTA/NSPS topic would seem to attract more people from the title industry
- This is the 19th year of Chapter seminars

STUDENT REPRESENTATIVE (Braden Denzine)*

- Team of 5 students will be participating in the upcoming NSPS Team Competition in DC
- Chapter will donate \$1000 to the Team for travel expenses – Tom L will get Mark K a check

TRIG*STAR (Ryan Duckart)*

- I plan to reach out to Denmark, Bay Port, Two Rivers, and Luxemburg-Casco in the next couple of weeks about presentations and the exam for some time in March or April. The deadline for submitting results to NSPS is May 1st so I encourage anyone who may help or present at a school, submit results to me a few days prior

2026 SUMMER MEETING (AD HOC) (Howard Herrild)

- Howard prepared a spreadsheet that he shared with the group – nice, full agenda for the most part. Anything in **red** is a budgeted item
- Tom L will contact Steve Sorenson for possible presentation on Saturday morning
- Tom L will find a nice restaurant for Friday dinner with 30-40 people @ \$50/each
- Raffle for a Blackstone? Still researching
- Saturday is locked down for schedule
- Chapter summer meeting is on Saturday
- Sponsorships? We have use of the huge video screen in the outfield (Jumbotron) that could show their logo/message. Sponsor coffee? Breakfast?
- Friday breakfast is NOT included in the dues, so we need a sponsor or perhaps the Chapter does this? Where to go?

OLD BUSINESS

- No old business to discuss

NEW BUSINESS

- Budget review – all went well, with only a few small adjustments to the numbers New Lifetime Member was brought up, voted on and 2026 approved. Hopefully we can present at Spring General meeting. Tom L will contact to make sure the person can make the meeting. Tom will also order the Lifetime plaque for presentation

Being no further business, a ***motion was made, seconded, and approved*** to adjourn at 7:32 pm

Respectfully submitted,

Thomas Leslie
Secretary
Winter 2026 Board Meeting

Northeast Chapter of WSLs

2026 WINTER GENERAL MEETING MINUTES

January 15, 2026 – Rock Garden in Green Bay, WI

The 2026 Winter General Meeting was held on January 15, 2026 at Rock Garden in Green Bay, WI. There were 48 members present, including 3 students

Presentation:

- No presentation for this meeting

President Christopherson called the General Meeting to order at 6:29 pm

A motion was made, seconded, and approved to accept the General Meeting minutes of October 23, 2025 as presented in latest Chapter newsletter

A motion was made, seconded, and approved to accept the Treasurer's Report as presented in latest Chapter newsletter

The following reports were given (*email)

WSLS Report (Jake Jensen)

- The last meeting was December 6, 2025 in Rothschild
- WSLs is considering a By-Law change relating to the Wisconsin Residency requirement. The NE Chapter will support this change, but we would like to see:
 - Active WSLs member
 - Licensed PLS in Wisconsin
 - Not currently on any other State Board
- *A motion was made, seconded and conditionally approved* to support the By-Law change as described

Young Surveyor Network (Zach Holshuer)

- YSN will have an annual meeting at the upcoming Institute
- Bowling event will be held Thursday evening during the Institute
- Question: Did anyone participate in the YSN/NSPS Mentorship?? Larry Miller did mentor and stated that this is really needed and hopes more people will participate in the upcoming years

Auditing Committee (Terry Van Hout)

- See Report in the latest newsletter

CST Committee (Howard Herrild)

- NWTC will hold a CST Exam on March 12
- There are limited seats so contact NSPS if interested

Ethics and Practices (Andy Cleveland)

- No report at this time but Andy did mention that the Bears are still playing this Sunday (ouch)

Land Records (Tom Leslie)

- Wisconsin Legislative Council Amendment Memo for Assembly Bill 452 (Plat review) still discussing
- Wisconsin Legislative Council Amendment Memo for Assembly Bill 453 (Comp plans, Zoning Classifications, TID issues) still discussing
- BFI update is almost approved – Senate next

Legislative (Howard Herrild)

- OHWM court issue – this could set new precedence

Membership (Ryan Klarner)*

- 157 paid members at the end of 2025

Nominating Committee (James Cappeart)

- All officers have been selected – still open to floor nominations

Program Committee (Andy Cleveland)

- No report at this time

Public Relations (Ryan Beltrand)*

- Zachary H reported on the NWTC STEM Fair will be held on Jan 28th & 29th
- He also discussed many opportunities out there for the surveying profession to talk/present to the public, including kids. Several events have been discussed. A spreadsheet/list will be kept so we are more aware of when these opportunities will be held

Scholarship Committee (Jim Sehloff)

Both winners were not able to attend the meeting. Will try to get pictures at next meeting

Seminar Committee (Tom Leslie)

- Seminar is almost set – Gary Kent will be discussing the new ALTA/NSPS revised/updated requirements.
- Rock Garden on April 2 will be the venue. Flyer will be going out soon

Student Representative (Braden Denzine)*

- No report - school is on break

Trig-Star (Ryan Duckart)

- Things are slow right now. Will be revving up in a month or two
- NSPS has 2 scholarships available (up to \$7500)
- Prizes for National level are doubled for both student and teacher
- WSLs also has a \$1500 scholarship, but no one has ever applied for it. Maybe more publicity?

Old Business

- Discussed upcoming 2026 WSLs Summer Meeting. Fox Cities Stadium is the main venue (Timber Rattlers) for the July 25 weekend event. Agenda is still being finalized but it should be a good one! Hope you can attend – let's represent the NE Chapter!!
- Chapter's Summer meeting will be a shortened version and held at this event on Saturday morning
- Past President is now charged with Lifetime Member interviews. Connor is looking forward to meeting some of the original members of the Chapter

New Business

- Connor submitted the 2025 Chapter Annual Report to WSLs
- Aaron Ballast thanked everyone for the much-needed restaurant gift cards

Northeast Chapter
OF THE
Wisconsin Society of Land Surveyors

2025 AUDITING COMMITTEE REPORT

The Auditing Committee met on January 12, 2026 to review the financial records of the Northeast Chapter of the Wisconsin Society of Land Surveyors for the year of 2025.

We have examined the receipts, banks statements, ledger and other pertinent records. The Auditing Committee reports that the financial records appear to be in good order, and submit the following:

Beginning Checkbook balance as of 01-01-2025 \$12,447.07

Total Deposits

Dues and Miscellaneous Receipts	\$11,435.00	
Sub Total Expenditures	\$11,435.00	\$23,882.07

Checks Returned (16)	\$11,082.85	
----------------------	-------------	--

Total Checks Written (16)	\$11,082.85	
---------------------------	-------------	--

Service and Redeposit Charges	\$28.00	
-------------------------------	---------	--

Withdrawal	\$400.00	
------------	----------	--

Total Expenditure	\$11,510.85	\$11,510.85
-------------------	-------------	-------------

Checkbook Balance as of 12-31-2025 \$12,371.22

Cash on Hand 1-1-2025	\$9.83	
Additional Cash	\$1,350.00	
Cash Expenditures	\$988.78	
Cash on Hand 12-31-2025	\$371.05	\$371.05

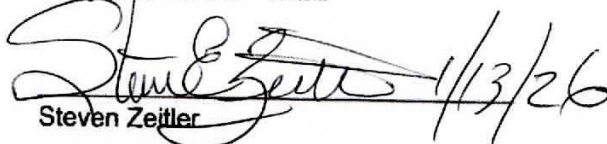

Certificate of Deposit (11-10-2025) \$2,453.89

Total Chapter Assets **\$15,196.16**

Respectfully submitted:

2026 STEM (Science, Technology, Engineering, and Math) Fair at N.W.T.C. Report

by Zachary Holshuer, PLS

To whom it may concern,

I recently attended the STEM Fair at our local Northeast Wisconsin Technical College (N.W.T.C.) on the Green Bay campus. This was *kind of* like a Career Fair, but had an “interactive activity” aspect to it that the typical Fair does not have. We took this as an opportunity to show the kids our *awesome surveying equipment* up-close and personal. The Fair welcomed over 2,600 sixth grade students from all over Northeast Wisconsin, and I would say we spoke *directly* with at least 200 students at our station. This was really nice because we weren’t overwhelmed, and mostly spoke to the student who were *really* intrigued by the technology, and what our signage had to say.

A few weeks prior to the event I met with Kelly Barrette, the N.W.T.C. employee in charge of coordinating the event, to discuss where throughout the “fair-layout” our booth / activity would be best served. We ultimately decided the corner of the campus’s gymnasium would be a good, safe spot for the equipment, and would give us the opportunity to have our displays and exhibits for the students to help translate what was going on before they even talked to us.

I worked in conjunction with the Northeast Chapter of the Wisconsin Society of Land Surveyor (WSLS) to acquire additional volunteers (2-3 people per day), as well as with the Civil Engineering Technology (C.E.T.) Program at said N.W.T.C to borrow the surveying equipment for the exercise.

Full Booth and Exercise / Activity Setup in N.W.T.C.’s Gymnasium

Testing out the Exercise / Activity in Vierbicher’s (Green Bay) Office

Over the weekends and evenings, I created the activity and signage used at the event. The exercise was a “stakeout activity” where I created a “faux-lot” on the back of a repurposed 5’x7’ carpet I had lying around the house. I drew a stream / body of water, with a 75’ setback, and an outline of a 6-pointed foundation the students staked-out-to. (This allowed us to kind of have our own “portable control network”; *albeit with only a 7.18’ baseline.*) I also had a children’s play farm to help “tell the stakeout story”.

February 4th, 2026

The exact process we went through with the students varied, but generally we took a group of students (or sometimes just one student) and walked them down the signage explaining what land surveying is, and the absolute *basics* about how the equipment they were about to get their hands on, works. "The equipment" being a Trimble S7 Robotic Total Station (with accessories) provided by N.W.T.C. From here they "staked-out" one or two points depending on how quickly they were able to complete the exercise. This would often lead into another educational opportunity showing them how accurate and precise the equipment is, as well as how this "faux-lot on the carpet" translates to a job-site and the real world.

T.N.T. employees explain the basics of the Trimble S7 Total Station

I have been to many-a-career-fair in the past, but this experience was unlike any of those. It gave us the chance to *really* show the students how a land surveyor, or survey technician, is using their equipment and help them understand what's going on when they *do* "see a surveyor on the side of the road" as they usually do. Or maybe next time they see a "lathe and ribbon", they'll think about it a little differently or ponder its meaning. Or maybe it'll make them think about the profession in ways they wouldn't before; *even if that's "just at all"*.

As our signage said, "If you're interested in ART, HISTORY, and MATH (*or at least 2 of these 3 things...*) we *might* have the career for you", which I believe a large swath of the population is missing out on. The closing message I left most of the kids with was that our *main* goal for being there was to just show them this awesome profession of land surveying is out there, and how it *could* be the perfect fit for them as it was for me; and I think we did. Thank you very much for your time in reading this report, as well as to Vierbicher for affording me the time.

Sincerely,

February 4th, 2026

2026 Seymour High School Career Fair Report

by Zachary Holshuer, PLS

To whom it may concern,

I recently attended the annual Seymour High School Career Fair put on by the school F.L.A. Club. I volunteered in this effort in conjunction with the Wisconsin Society of Land Surveyors (Northeast Chapter), as well as with my employer, Vierbicher. This was a one day event, with students coming through from 10:00am until 12:30pm.

For preparation, I gathered up my typical Career Fair supporting materials the day and evening prior to the event. In years past, I would start this "compilation of material" sooner, but with already having a good collection of items between the office and my home basement (home office), I was set to go. A list of important items I've come to bring with me over the years are my laptop (with mouse and charger), along with a monitor (with HDMI cord) to display to the students what I'm looking at whether that be PowerPoint slides, or a GIS / AutoCAD program. I also brought with me different pieces of signage. This could be maps you or your company has worked on to help tell the story, or graphics to help explain how land surveying and geomatics work at a 11,000 mi view (GPS satellite humor coming atcha). It can also be helpful to have a couple of pieces of antique equipment to have set out on the table for two main reasons. It is sometime the more eye catching thing for passers by, and two, you can just quickly point to it and say "that's how they used to have to

Completed setup at Seymour High School Career Fair

Seymour alumni Sam from T.N.T (Green Bay) employee talks to attentive students

survey, and look at the cool stuff we get to use today". OR it can go to how you tell the story of putting all of these puzzle pieces together that were made at different times by different peoples with different technologies.

With the old equipment, of course its critical to have a modern piece of equipment. Even if its just a GPS setup on a bipod or tripod. Something to help relate with what they already think of when they think surveyor; the field equipment. If you have the ability to have a total station setup where it can follow you around, that is something that gets the gears going in their mind.

February 22nd, 2026

Finally, I brought with for the first time the “activity” that I had recently concocted for a local STEM Fair, being a “stakeout activity”, with local control (with only a 7.18’ baseline) where we were able to show the students the “go in” / “go out” function of the data collector, and help even further explain the story of what an every day activity in the life of a surveyor could be.

The exact process we went through with the students varied, but generally we talked with a group of students (or sometimes just one student) and just started by explaining what land surveying is, and the absolute *basics* about how the equipment works.

“The equipment” being a Trimble S7 Robotic Total Station borrowed from Vierbicher.

Testing out the Exercise / Activity in Vierbicher's (Green Bay) Office

“Close-up” showing the “6-point foundation”

Being able to have this functional equipment with an exercise to show both staking and topo-collecting activities gave us the chance to *really* show the students how a land surveyor, or survey technician, is using their equipment and help them understand what's going on when they *do* “see a surveyor on the side of the road” as they usually do.

Maybe next time they see a “lathe and ribbon”, they'll think about it differently or ponder its meaning.

Maybe it'll make them think about the profession in ways they wouldn't before; *even if that's “just at all”*.

As our signage said, “If you're interested in ART, HISTORY, and MATH (*or at least 2 of these 3 things...*) we *might* have the career for you”, which I believe a large swath of the population is missing out on. The closing message I left most of the kids with was that our *main* goal for being there was to just show them this awesome profession of land surveying is out there, and how it *could* be the perfect fit for them as it was for me; and I think we did.

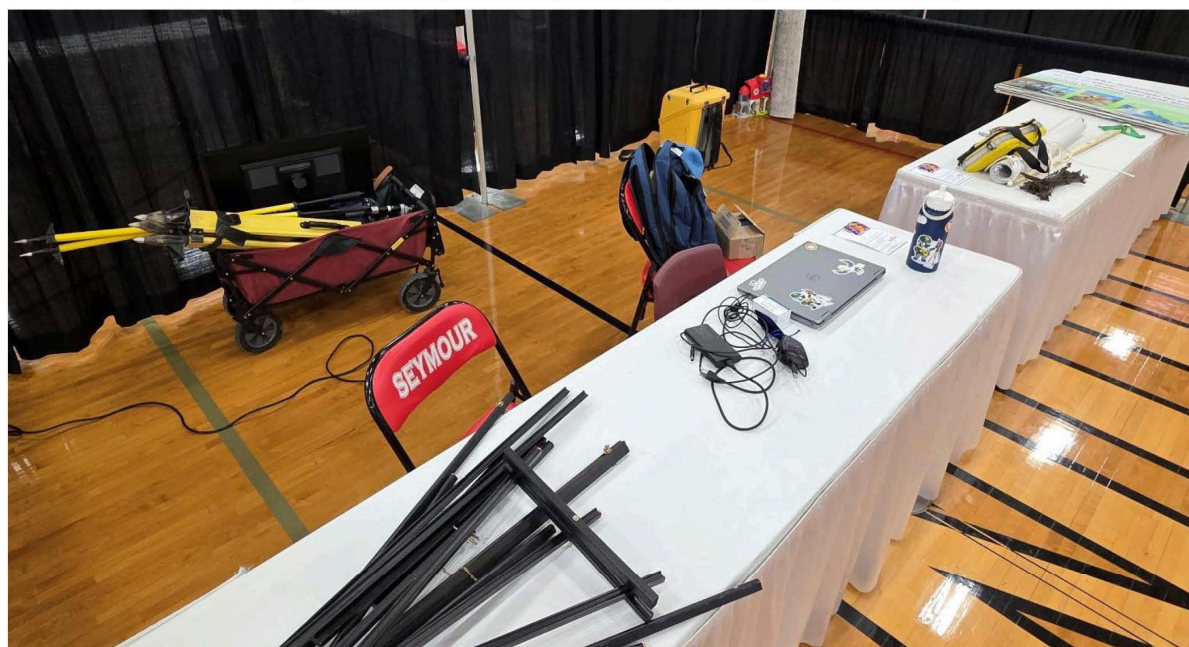

Thank you very much for your time in reading this report, as well as to Vierbicher for affording me the time.

Sincerely,

February 22nd, 2026

A DAY IN THE LIFE

April 28-30 & May 1, 2026

*Looking for Volunteers to help teach young children (grades 3-8)
about surveying & how surveyors help shape America.*

Please consider volunteering your time for any of the dates. The next
two pages have the schedule listed

*****Shifts & times may change depending on # of students*****

Lunch is provided by the Museum

Please contact Ryan Beltrand @ 498-1200 or
beltrandr@ayresassociates.com

Here's a link to the signup sheet. I'd like to stress not more than two students per
shift. One "veteran" would be nice as well. I did not include the schedule for the
following week, but if someone has time and wants to volunteer for the following
week, they're more than welcome.

[A Day in the Life Signup 2026 - Google Sheets](#)

THANK YOU!

A DAY IN THE LIFE

AN EXPLORATION OF THE U.S. CIVIL WAR AND AMERICAN 1860S FOR GRADES 3-8

Station Rotation Schedule

Tuesday April 28th

Rotation 1: 9:40 a.m. – 10:15 a.m. Rotation 4: 11:55 a.m. – 12:30 p.m.

Rotation 2: 10:15 a.m. – 10:50 a.m. Rotation 5: 12:30 p.m. – 1:05 p.m.

Rotation 3: 10:50 a.m. – 11:25 a.m. Rotation 6: 1:05 p.m. – 1:40 p.m.

Lunch: 11:25 a.m. – 11:55 a.m.

Please do all you can to maintain this schedule.

Once we get off schedule it is very hard to get back on time, which means that some students may not get to participate in all activities.

Adjust your presentation as you go to maintain proper timing.
