PRESIDENTS MESSAGE:

Ladies and Gentlemen,

I hope you all had a wonderful Holiday Season. The year has gone by so fast, it seems like I just received the gavel a few months ago. I am very excited with the direction the Board of Directors is going with Jeff DeZeeuw as your next President and Tony Lulloff as President Elect. I hope Jeff can bring as much good luck to the Packers as I did over my term.

Please take time to look at the Proposed Constitution and Bylaws. Tom Geise, Rob Harris and Jim Wallen did a wonderful job on preparing the proposal for the Chapter. All regular and life members should have received a voting ballot. This can be completed and sent in before our January Meeting or completed at the meeting. Only one ballot per a person can be completed and it must be signed to be counted.

It is also time to make the trek from Packer Country to the Kalahari for the Annual WSLs Institute. The schedule is filled with many interesting seminars on all of the latest survey topics by some of the best presenters around. Gary Kent is coming from Indianapolis (the location of our second most favorite stadium this year) to give a presentation on the changes that occurred to the New 2011 ALTA/ACSM Standards and have a Mock Trial. His presentations are always very informative.

The Northeast Chapter's very own, John Baudhuin, is up for election at the Annual WSLs Business meeting held on Thursday afternoon at the Annual WSLs Institute. We would like a good showing from Northeast Chapter Members to help him get elected and on his way to become the WSLs President. John has been very active for the Northeast Chapter and at the State level for many years now and I am sure he would do us proud as the WSLs President.

I hope you are putting together your teams for Bucky's Challenge. Teams from the Northeast Chapter have done very well in the past trivia competitions. This is a great fundraiser for the WSLs Foundation which in turn supports four WSLs Scholarships, museum displays around the state and the collection of survey artifacts.

In closing, I would like to thank all for the board members, committee chairs and members for their hard work throughout the year. I believe in the past, this Chapter has set the standard to what all other chapters would like to be. I hope through my presidency I was able to continue that high standard.

Please support the Sustaining Members by shopping there first. If you shop somewhere else, encourage that company to become a Sustaining Member.

Thank you for a great year.

Terry L. Van Hout
Chapter President

2011 FALL GENERAL MEETING MINUTES October 13, 2011 – Stone Toad Bar & Grill in Menasha, WI

The 2011 Fall General Meeting was held on October 13, 2011 at Stone Toad Bar & Grill in Menasha, WI. There were 50 members present, including 10 students when President Terry Van Hout introduced:

SPECIAL PRESENTATIONS

Brad Pagels, local railroad & logging line historian, gave a very interesting presentation on "Logging Railroad Archeology". He spoke on his years of experience in detecting and locating old logging railroad lines, particularly on northern Wisconsin for this presentation.

Some points from the discussion:

- Center of Sections were set in Kewaunee County during the 1980s, with the first County Surveyor setting corners using occupation and the current County Surveyor using the BLM methodology
- A recent County resolution stated that published & GIS corner locations will honor previous County Surveyor work, and straight line intersect being used now
- Some members spoke about possibly using different methods of setting center of sections (equidistant, fence lines, etc) as straight line intersect is not always the best option to use
- BLM is a *guide* ... not the rule
- Differences in centers could point to a problem with one of the ¼ corners

President Van Hout thanked both Shane and Steve for excellent presentations and allowing for good group discussion. He then called the General Meeting to order at 8:50 pm

A motion was made, seconded and approved to accept the General Meeting minutes of July 14, 2011
