President's Message – Summer

Good Day Northeast Chapter members,

I'm writing this message from the deck of the Washington Island Ferry for our weekly trip to work on the island. Not everyone can say they ride a ferry to work, so I feel pretty special today.

If you haven't figured it out yet, summer is in full swing. Door County has sunk a little into Lake Michigan due to the influx of tourists heading to their summer homes or vacation spots. You can smell the brats & burgers on the grill and summer festivals are happening everywhere.

On a sad note, we lost one of our own back in June. Christopher O'Neal died while working in the median of "STH 60" near Slinger. Please keep his family in your prayers.

This reminds me that safety on the job site is so very important, and I'm sure all the proper protocol was followed, but accidents still happen. Please be safe out there, in every aspect of the job. Wear your safety vests & eye protection and take an extra minute to put the signs and cones where they need to be.

I hope the nice weather holds for our upcoming General Meeting on Thursday so the golfers and trap shooters enjoy a nice day off work. This gives us all some time to reconnect and hang out as professionals plus you can eliminate some work frustrations by hitting & shooting some stuff.

A quick THANK YOU !! to all who make this stuff happen. All the volunteers at events like A Day In The Life plus the behind the scene jobs like creating a news letter and organizing the meeting schedules sometimes are taken for granted. Being more involved this year has given me a much greater appreciation for these tasks so thanks again.

It's a great day for a survey !!

Brian

Cellphone White Sheet.pdf;

Hello All,

I hope everyone is well and busy.

Cell Phone White Sheet

Attached is a white sheet started by the Past President of WSLS and ultimately collaborated on by the WSLS board and the Wisconsin County Surveyors Association. Please read and distribute. This is stemming from landowners pulling property corners trusting cell phone apps that depict property lines.

Farm Tech Days

We are looking for some help with Farm Technology Days. June 14th has been set as the tentative staking day for tent city. We are looking for as many volunteers as possible to help but 4-6 surveyors with a RTK rover GPS setup are needed to make staking go quickly. This will likely be a 4 hour effort. Also we will need volunteers to run the booth at the event, July 18-20th. In exchange for a 4 hour shift in the booth, you will receive a free pass for the whole day to go check out the hundreds of booths, demonstrations, free test drives of utvs, mini trucks, etc. This event covers more than just the traditional idea of agricultural farming. Consider this opportunity to represent our profession to the public. Over the course of 3 days last year, 46,084 visitors attended Farm Tech Days not including all the volunteers and exhibitors. Reach out to Jeanette Harley to get involved.

Employment

Also a quick reminder that jobs are regularly updated on WSLS's website. There are also more opportunities available that may not be listed.

Outreach

Jeanette Harley and Eric Hauge attended the CCEDC Business to Business Expo and Career Fair. Over 400 students attended from schools within Clark County ranging from freshman to juniors. The Dewey North stickers were a hit and allowed for some great interaction. They also conducted 2 job shadows with one student seriously considering the land surveying profession. Days in the Life was held again by the NE Chapter at the National Railroad Museum. The chapter recently held their meeting at NWTC and the winning team was able to share about the Student Competition and DC.

FIG Young Surveyors and NSPS YSN

This weekend will be the 4th North American Meeting with NSPS YSN being the host and main planners of this event. The Young Surveyors meeting will be the kickoff for the rest of the FIG week and all its festivities and educational opportunities. We are looking forward to hearing from Alysen and Megan regarding their experiences.

Stay Young,

CHAPTER RAFFLE

Brooke Bastian won the framed Saturday Evening Post cover
(Donated by Les & Lisa Van Horn)

It was mentioned that a raffle should be held for each of the Quarterly General meetings, with proceeds going to the NWTC Civil Club to help defray costs. Raffle item doesn't have to be survey related. A business or individual that is interested in donating something to the Raffle should contact any one on the Chapter Board and make their intentions known! Let's have some fun with this and help support the Civil Club

Never, ever heard at a General Meeting before this night:
"Well, that sucked b*lls!"

Being no further business, a motion was made, seconded, and approved to adjourn at 8:30 pm.

Respectively Submitted,

May 24th, 2023, Board Meeting

Trig-Star

Trig-Star is just about wrapped up for the year. A total of 4 schools participated with over 100 students attending outdoor presentations that consisted of a brief description of land surveying and how we use math in our profession. We showed the students how to use a GPS unit and a Robotic Total Station to measure distances and then figured out the height of some structures using the Pythagorean theorem. The high schools within the Northeast Chapter that participated were Bay Port, Two Rivers, Denmark, and Luxemburg-Casco with 44 students taking the Trig-Star exam. Special thanks to Connor Ebben, Jason Bolz, and Northeast Chapter President Brian Frisque for assisting with the outdoor presentations!

Christopher O'Neal Obituary

<https://www.legacy.com/us/obituaries/name/christopher-o-neal-obituary?id=52237729>

A message below from Dean Teska at Kapur

I'm sure you've heard, but we lost a surveyor to a traffic incident on June 9th. Chris O'neal was surveying the median of STH 60 when he was stuck by a car that was involved in an accident with another vehicle. At this time, I have found the go fund me page that his wife set up.

No one will answer me at Kapur as I'm sure it is confidential information, but I don't think he elected to take the life insurance that we offer.

Please consider forwarding this information to the WSLs NE chapter to help the family.
