## PRESIDENT'S MESSAGE:

President's Message:

Greetings Fellow Members,

Fall is upon us and it seems that everyone is still really busy. The rain just does not want to give anyone a break and if it's any indication on what winter is going to bring, we could be looking at a lot of snow. I know people say things go in cycles but how many times can a 100 year flood hit in 100 years???

Some sad news, former president and longtime member of the Northeast Chapter, Ken Wolf passed away unexpectedly on Thursday, October 3, 2019. Ken retired in October 2015 after working for over 40 years for Donahue and Associates, Earth Tech and AECOM. Ken served in the United States Marine Corps from 1968-1970. He was president of the Northeast Chapter in 1992. He was laid to rest on Sunday, October 6, 2019.

The Summer General Membership Meeting was well attended and even received some extra publicity in the Wisconsin Professional Surveyor publication. Thank you to Frank Thousand for joining us as we gave out some special awards for the WSLS Foundation and a couple Lifetime Membership awards for the Northeast Chapter. A special thanks goes out to the sponsors that donated prizes for the trap shoot at Triple J Wing and Clay and for the golf outing at Hilly Haven. These sponsors have helped out greatly in the past and continue to support our chapter.

The Fall General Membership Meeting will be held at Little Chicago in Kaukauna on October 17, 2019. Terry Van Hout will be doing a presentation on Calls in Descriptions. Please let Tom Leslie know if you plan on attending so that we can get an accurate head count.

Lastly, as we put a busy summer behind us, we now head into my favorite time of the year. The leaves are starting to turn, the mosquitoes are starting to dissipate and the bonfires are becoming more enjoyable as the temperatures begin to drop. I hope everyone was able to enjoy summer and will have a prosperous fall.

I look forward to seeing you at our fall meeting!

Sincerely,

*Ryan L. Duckart*

- Kevin Boyer issued the following statement/letter concerning the Utility Locate issue:

*“Based on membership comments, WSLs has recognized a need to communicate with Diggers Hotline and the respective utility marking companies in regard to incorrect and/or unmarked utilities on current Diggers Hotline tickets. As a result of this need the WSLs Board of Directors created an Ad-hoc Committee at our January 2019 meeting. This committee is internally known as the Utility Issues Committee, and its purpose at this time is to communicate our position/need for complete and timely marking of utilities that are listed on a specific ticket.*

*Since formation, the committee has been collected data from our members to substantiate claims of incorrect and/or unmarked utilities. We have also attended meetings with the Diggers Hotline Advisory Board, and the Diggers Hotline Board of Directors to communicate the importance of*

*complete, accurate and timely marking. The surveyor has developed a common front with contractors and road builders at these meetings, all of whom are frustrated by lack of markings at their project sites.*

*Your voice and concern on the issue is being heard loud and clear by the Diggers Hotline Board of Directors, and as the Committee Chair I will continue attending these meetings until our concerns are satisfied. In the meantime, you can help the cause by:*

- *Continuing to document your incorrect/unmarked/ignored tickets*
  - *Attached is an Excel Spreadsheet for documenting these instances*
  - *Email your spreadsheet regularly to: DOTDTSDCOUtilityCoordination@dot.wi.gov*
    - *WisDOT utilities has a position on the Diggers Hotline Advisory Board and they have a common interest in the matter.*
  - *All documented tickets are being compiled by the WisDOT who reports them regularly to the Diggers Hotline Board of Directors.*

*If you have a project that appears to have utilities, and the utilities are unmarked you can do one of the following:*

- *Request a No-Show Ticket (New)*
  - *Call Diggers Hotline with your current Ticket Number and request a No-Show Ticket*
    - *For a “Dig” Ticket, marking companies are required to respond within 1 hour.*
    - *For a “Planning” Ticket marking companies are required to respond within 24 hours.*
  - *You will be issued a new ticket number specific to the No-Show Ticket.*
    - *No-Show Tickets are being monitored by the Diggers Hotline Board of Directors.*
    - *If there is no response to a No-Show Ticket:*
      - *Call in another No-Show Ticket*
      - *Document accordingly*
- *Request a Project Ticket (New)*
  - *Similar to the “Onsite” meeting request*
    - *A meeting with the marking companies will be set up within 3 days of the request.*
    - *When the meeting is complete, marking companies will have 3 days to mark the site for a “Dig” Ticket, and 10 days to mark the site for a “Planning” Ticket*
    - *If a listed utility is not represented at the meeting, call Diggers and request a No-Show Ticket for that utility representative”*

### New Business

- WSLs Summer meeting is coming up next week in Madison – check out WSLs website for more info
- A link to the WSLs Job Board & classifieds will be added to the Chapter website
- **TABLED:** Student Membership dues – pay one time for the whole time they are students (and possibly include

WLS membership fees)? *A motion was made, seconded and approved* to refer this topic to the Board for further discussion

- How does everyone like the digital WPS? Will check with General membership at Fall meeting
- Frank Thousand, WLS Director, was in attendance to present fellow Chapter members **Tom Halverson** and **Don La Count** with a special WLS award for all their years of service on the WLS Board – CONGRATULATIONS!

#### LEGISLATIVE (Jim Sehloff)

- Online (remote) notary discussion is progressing (AB 293)

- Most issues with the proposed revisions to AE-7 have been resolved. It will then go to Senate in November and then to full examining board in April 2020. Final review will be by Legislature
- AE-6 revision discussion has started – anything the Chapter members want changed?
- Diggers Hotline is still an issue – and will take some time to work it all out
- Private roads are not liked by mortgage companies – looking at maintenance agreements or at least the ability to have one like Minnesota
- WISCORS user fees – no news is good news, right?
- DSPS licensure fees have been reduced as of July 1, 2019 from \$75 to \$68 and renewal from \$82 to \$68

#### MEMBERSHIP (Ryan Duckart)

- There are 172 paid members as of this meeting

#### NOMINATING (Joel Wald)\*

- Things will get going soon

#### PROGRAM (Andy Cleveland)

- Terry Van Hout will be presenting at the Fall General Membership meeting

#### PUBLIC RELATIONS (Aaron Ballast)

- No report at this time

#### SCHOLARSHIP (Joe Lett)\*

- Tom L will get info to Joe L sometime in September (applications go out early/mid October)

#### SEMINAR (Terry Van Hout)

- Still working on ideas – will NOT be held during Spring Break (if possible) so more students have the opportunity to attend

#### STUDENT REPRESENTATIVE (Austin Gullani)\*

- OPUS seminar will be held at NWTC coming up in September – more info to follow

#### TRIG\*STAR COMMITTEE (Ryan Duckart)

- There may be up to 5 schools participating next year

#### OLD BUSINESS

- No new news on the pending bills discussed in the last Board minutes as the Legislature is on break
- Projector screen should be purchased along with the laptop and projector

**NEW BUSINESS**

- NWTC Pilot Program for 8/9 grade kids. They arrive every Friday and can check out different trades being presented (approx. 400-600 students)
- Perhaps the Chapter should check into the Wisconsin Youth Apprenticeship to gauge their interest
- Ad Hoc Committee has been created by President Duckart to collect feedback from the membership on any changes needed to AE-6. Volunteers will also be requested at the next General Membership (GM) meeting. An mass email was sent to membership asking for anyone interested as well
- Chapter Constitution/By Laws revision relating to the Chapter Representative has been approved by the General membership and will now be posted on the Chapter website
- Discussed student membership and perhaps creating a special membership application that will cover the “normal” 2 years to complete the degree (Sept to the January following graduation) and costing \$20 – that way the students only pay once and don’t have to worry about it during their stay at NWTC. Should this include WSLs membership as well? This could be problematic in that the State needs renewal every year for students. More discussion is needed at next GM meeting
- Chapter Name – should the first “Wisconsin” be removed “Northeast (~~Wisconsin~~) Chapter of the Wisconsin Society of Land Surveyors” so it doesn’t repeat Wisconsin twice in the title? Board passed a motion to approve, reserving full approval until the Chapter has their time to comment at the Fall GM Meeting

Being no further business, a *motion was made, seconded and approved* to adjourn at 7:53pm

Respectfully submitted,

Thomas Leslie, Secretary  
Summer Board meeting
